

## **An invitation to flute players**

**(Not saxophonists who play flute as a doubling instrument)**

If you wish to play a jazz flute pass-the-hat matinee at JEREMY'S, we ask you to visit the gallery two months ahead and play a tune (any time within our business hours, without reading written music) to see if both parties agree to schedule a gig.

Our matinees are usually held on Saturdays. No drums, maximum 4 piece band led by a flute player. An hour long performance. No talking by the performers to give a full hour of playing. Each audience member will throw 100 yen minimum with no upper limit. More information on the matinees available on JEREMY'S Facebook page.

Non-Japanese players will be asked to present papers including work visa and photo ID.
